standard on select models

Vari-width arms (WA)

Height adjustable urethane,
waterfall edge arms (3P)

Contoured and tapered back

The Mallorca series is designed for customers who desire an extra measure of comfort and support. Mallorca features thickly padded seat upholstery and a pronounced built-in lumbar support for the lower back. It promotes good posture and ensures user satisfaction. The contoured seat and waterfall seat edge alleviates pressure at the back of the knees and contributes to good blood flow. An individual can now sit for long periods of time without discomfort. Multi-Tilter, Tilter and Heavy Duty Tilter models are available in both high and medium back styles.
